Why Tajweed Plus?

You can read the Qur'an. Now refine how it sounds.

Tajweed Plus meets you at a familiar place: you already recognise the words, yet you want clearer pronunciation, steadier rhythm and greater care in every recitation.

A welcoming pathway for women and young girls — built around practice, correction and progress.

What is Tajweed Plus? *Not Just Theory. Tajweed in Practice*

Tajweed Plus - is a structured Qur'an recitation pathway designed to take students progressively from foundational Tajweed to advanced application and, eventually, teacher preparation.

Understand	Hear	Practise	Apply

How Will You Learn?

Use four attractive cards

01
Listen closely
Hear the rule modelled clearly.

02
Learn simply
Understand what changes and why.

03
Recite often
Practise aloud in focused portions.

04
Refine gently
Receive correction and try again.

Tajweed becomes meaningful when the rule moves from the slide to your recitation

Practice Makes the Difference

Why Practical Correction?

Correction is not criticism.

It is the moment your ear, tongue and understanding begin to align.

EXAMPLE 01

A letter sounds too similar

Pause • isolate the sound • notice the articulation point • repeat in the word.

EXAMPLE 02

A stretch is too short

Listen • count the length • recite the phrase • return to the full āyah.

Knowledge → Listening → Practice → Correction → Repetition → Improvement

Assessment Journey

Prepare	Recite	Receive feedback	Move forward
Build confidence and check foundations	Apply multiple rules and analyze Qur’anic examples	Reasoning, comparison, Qur’anic identification & Makharij	Theory + practical application + overall course performance

Assessment is a supportive checkpoint — a chance to show what you can apply and learn what to practise next.

What Will Exams Test?

The focus is not memorising labels alone — it is applying learning while reciting.

What Success Looks Like

01

Hear more

Notice key sound differences and common errors.

02

Apply more

Use Level 1 rules with growing consistency.
