05

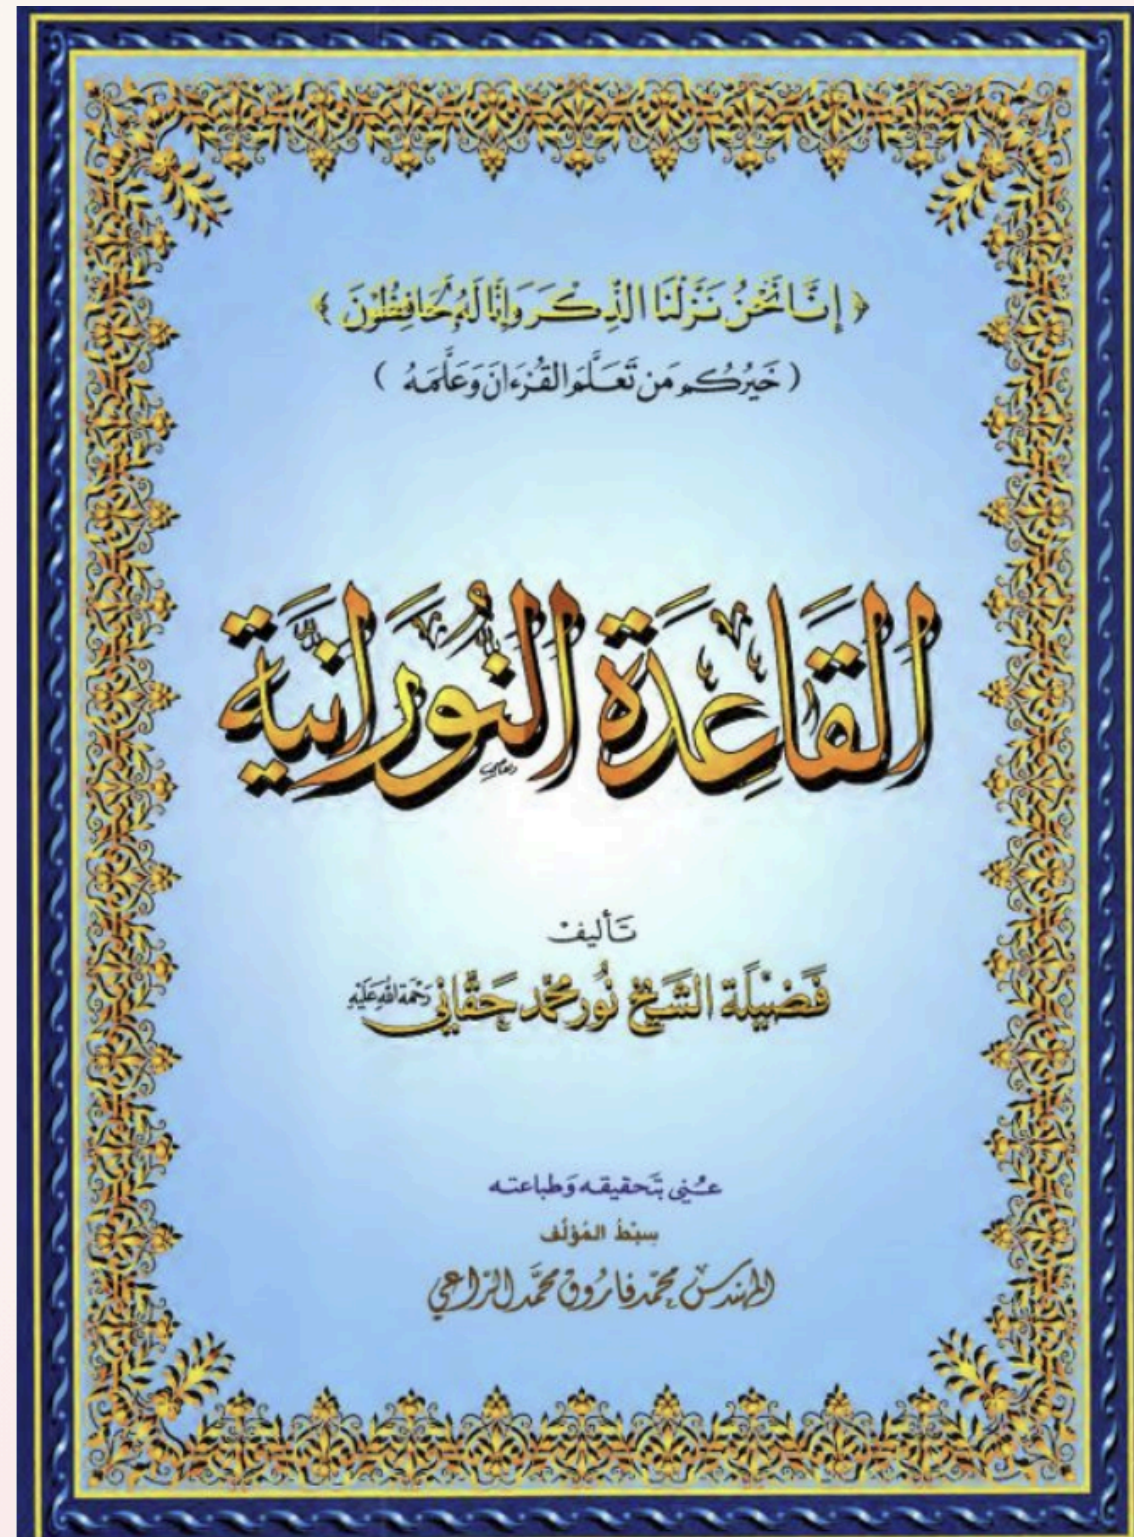

YOUR ROLE

How should you practise, attend and prepare?

06

THE GOAL

What should you be able to achieve by the end?

WHAT IS AL-QĀ'IDAH NŪRĀNIYYAH?

القاعدة النورانية

Al-Qā'idah Nūrāniyyah is a **structured foundation** for learning to read the Qur'an **correctly from the beginning**.

Letters → Sounds → Harakāt → Joined Letters → Words → Tajweed
Application → Qur'anic Reading

A SYSTEMATIC “BRIDGE”

Instead of beginning directly with complete Qur'anic words and verses, the learner first strengthens the **smallest building blocks of correct reading**.

Foundation First. Fluency Follows.

WHAT DOES “AL-QĀ’IDAH NŪRĀNIYYAH” MEAN?

القاعدة النورانية

القاعدة | Al-Qā’idah

A foundation, base or fundamental principle upon which something is built.

النورانية | An-Nūrāniyyah

The established name associated with this particular foundational method.

THE IDEA BEHIND THE NAME

Just as a strong building requires a strong foundation, accurate Qur’anic recitation requires a strong foundation in:

Recognition • Pronunciation • Makharij • Joining • Reading

Build the foundation correctly before building upon it.

THE LEGACY BEHIND THE METHOD

THE ORIGIN OF AL-QĀ'IDAH NŪRĀNIYYAH

SHAYKH NŪR MUḤAMMAD ḤAQQĀNĪ رحمه الله

Author of Al-Qā'idah Nūrāniyyah

The method was organized as a progressive learning system in which the student advances step by step through **17 lessons**.

Individual Letters → Letter Recognition & Sounds → Vowelled Letters → Joined Forms & Words → Advanced Reading Patterns → Application in Qur'anic Reading

17 **STRUCTURED LESSONS** · One foundation. One progressive journey.

SHAYKH MUHAMMAD FAROOQ AR-RAEE

الشيخ محمد فاروق الراعي

PRESERVING & TEACHING THE METHOD

Presented here in connection with the **teaching, explanation and contemporary transmission** of the Nūrāniyyah method.

IN OUR LEARNING JOURNEY

Listen to the correct sound → Observe the pronunciation → Repeat accurately → Practise independently → Recite to the teacher → Receive correction

WHY AL-QĀ'IDAH NŪRĀNIYYAH?

LISTEN FIRST

Hear the correct sound and pronunciation before trying to reproduce it.

REPEAT

Repeat carefully until the correct sound becomes familiar to the tongue.

PRACTISE

Apply what has been learned through guided reading and regular practice.

RECEIVE CORRECTION

Recite to the teacher so errors in pronunciation, Makharij and reading can be identified early.

PROGRESS STEP BY STEP

Each lesson builds upon the skills developed in the previous lessons.

LISTEN → REPEAT → PRACTISE → CORRECT → PROGRESS
